

## CTPAT STATEMENT OF SUPPORT

CaribEx Worldwide doing business as **CBX Global** is committed to a safe and secure supply chain by supporting the **Customs Trade Partnership Against Terrorism (CTPAT)** program. We have been a proud member of CTPAT since February 2003. Participation and our continued program validations recognizes our company's commitment to maintaining the highest level of security for the wellbeing of our customers and the United States. Supply chain security continues to be an integral part of the CBX Global culture and business processes.

From its inception in 2001, CTPAT remains a voluntary public-private sector partnership program where members work with United States Customs and Border Protection (CBP) to strengthen their international supply chains and ultimately improve border security, protecting the supply chain from criminal activities such as drug trafficking, terrorism, human smuggling, and illegal contraband.

CBX Global has developed, and maintains, a multi-layered security program that is consistent with the CTPAT minimum-security criteria (MSC) and remains committed to protecting our organization and supply chain from any illegal or illicit activities.

Security is everyone's responsibility. All employees and business partners, including contractors, service providers, and visitors must comply to the CTPAT security policies and procedures that are in place at each of our facilities. Supply chain security is only achievable if all parties involved are aware of and in constant support of this goal.

CBX Global is proud of its commitment to uphold a safe and ethical company culture by complying with CTPAT program requirements and following applicable laws and regulations.
